Start your quilt tour facing the front doors and look at the small quilt on the right and then advance clockwise.

Quilt #1 - "Christmas Pickle Dish" by Deb Johnson

Deb used a Pickle Dish quilt design and Christmas fabrics to make this quilt.

Quilt #2 - "Holiday Sparkler" by Barbara Stein

This quilt was made from a kit that was purchased in St. George, Utah, while on vacation with her husband. Designed by Elise Lea.

Quilt #3 - "Christmas Houses" by Lorraine Owen

This was done by nine women in Lorraine's friendship group, "The Young and Restless." Each member did nine identical Christmas-themed blocks, exchanged them and put their own quilt together. Lorraine's block is the little church.

Quilt #4 - "Christmas with the Merkels" by Barbara Merkel

This quilt was fun to make and depicts many holiday traditions. It gives Barbara joy to remember many of the "good" things of the season.

Quilt #5 - "Let it Snow" by Jenne Kern

Jenne participated in the "Block of the Month" with Thumb Butte Quilters and was the winner of the "Snowflake" blocks.

Quilt #6 - "Whimsical Christmas Tree by Lorraine Owen

A charming pattern Lorraine found on a vacation trip to Seattle, Washington. She saw the completed quilt in a Medford, Oregon quilt store and couldn't wait to get home to make it!

Quilt #7 - "Noel" by Pat Noel

The gray Christmas quilt was made because Pat found the panel with the "noel" squares. Her name being Noel, inspired her to make this quilt. It's a combination of squares from a panel, hexagon blocks and another un-named block. The gray and gold aren't the normal Christmas colors but it is a Noel quilt!

Quilt #8 - "Peaceful Pines" by Mary Lou Clemmons

Mary Lou made this beautiful Christmas quilt in 2018 and proudly displays it every Christmas.

Quilt #9 - "Festive Holiday" by Sheryl McLain

Sheryl participated in a group project where blocks were made and exchanged. She used the blocks to design this quilt.

Quilt #10 - "Snowflakes" by Terry Grenier

Terry used a pattern from Chickadee Designs and hand embroidered all these detailed blocks.
