

*The inspiration for designing Totally Spring came from dandelions, my favorite flowers (not weeds, in my opinion). I used 24 different colors from the Spring Couture collections by Michael Miller but other fabrics could work just as well.*

*The fusible appliqué technique is easy and instantly rewarding. Sew much fun!*

## **Fabric requirements**

**Background (white) - 4 yards**

**Fusible web - 1 yard**

**Dandelion fabric - various Jelly Roll strips or scraps**
